Trash and recycle services impacted by winter storm

Kerrville, Texas (Feb. 7, 2022) – Trash service on Thursday, Feb. 3 and recycling services on Friday, Feb. 4 were recently impacted by an ice storm. Driving conditions were deemed too dangerous for Republic Services trucks

to travel. The plan to collect the missed trash and recycling items is as follows:

- Thursday trash collection – Residents are asked to set their trash bin at the road on Thursday, their normal trash collection day. Trash bags that will not fit in the bin may be placed at the road as well. Please set the bags a minimum of three feet to the side of the trash bin. Please be sure not to overfill the trash bin as this can result in trash being strewn on the street.
- Friday recycling collection – Recycling will be collected on the normal recycling day of Friday, Feb. 18. For recycling items that do not fit in the recycling bin, residents are asked to either

save the items for a later recycling service date or discard them with their trash on their normal trash day.

The City of Kerrville thanks you for your flexibility. For any questions, please contact Republic Services at (830) 522-3062, or the City of Kerrville Public Works Department at (830) 258-1221.
