### **Library to host NASA this Friday**

**Kerrville, Texas (Oct. 9, 2023)** – Please join the Butt-Holdsworth Memorial Library staff this Friday, Oct. 13 starting at 1 p.m. as we welcome NASA to the library. We are excited to collaborate with NASA in offering activities for all and a late afternoon talk by Dr. Therese Moretto Jorgensen, acting deputy director for the Heliophysics Division in the Science Mission Directorate at NASA headquarters in Washington, D.C.

Dr. Jorgensen will give an overview of solar eclipses: what causes them, some history of studying them, and what they tell us about our sun, moon and earth. The talk will be held in the library's first floor meeting room and will start at 4 p.m.

The program is free and registration is not required. For more information, please contact the library reference desk at (830) 258-1274, or visit the city's website at [www.kerrvilletx.gov](http://www.kerrvilletx.gov).
