### **Native Plant Society: Benefits of a “messy” winter garden**

**Kerrville, Texas (Oct. 9, 2024)** – Join the staff of the Butt-Holdsworth Memorial Library Saturday, Oct. 12 at 10:30 a.m. in the library meeting room for a presentation given by Nancy Huffman, Native Plant Society member and Master Naturalist, on messy winter gardens.

Our gardens support animals of all shapes and sizes. Here's a secret not all gardeners know – if you choose to be a messy gardener in the fall and winter, the wildlife value of your garden soars. This program discusses the benefits of a messy winter garden, suggests ways to create a dramatic winter landscape, and how to make “messy” look good.

This program is free and open to the public. For more information, contact the library reference desk at (830) 258-1274, or visit the city's [website at www.kerrvilletx.gov](http://www.kerrvilletx.gov).
