### **Native Plant Society president to talk Texas wildflowers**

#### **Saturday at the library**

**Kerrville, Texas (Oct. 6, 2025)** – Join the staff of the Butt-Holdsworth Memorial Library on Saturday, Oct. 11 at 10:30 a.m. in the downstairs meeting room for a presentation given by Mark McClelland, Native Plant Society president, on Texas wildflowers.

Native Texas wildflowers are some of the

toughest and most beautiful plants available to us in the Hill Country, but how to get started planting them can be daunting. Which species do I choose? Where are the best places to find seed or plants? When do I plant them and how do I care for them? These questions and more will be answered in this fun and informative talk.

This program is free and open to the public. For more information, contact the library reference desk at (830) 258-1274, or visit the city's [website at www.kerrvilletx.gov](http://www.kerrvilletx.gov).
